034/989

Subject Bibliography

SB-034
JUNE 13, 1989

U.S. Government Printing Office Superintendent of Documents

INSECTS

Controlling Household Pests *Describes and illustrates a wide variety of pests, including insects, rats, and bats that are common to some households. Includes descriptions of methods for control, prevention, and extermination.* 1979: 31 p.; ill. revised ed.
A 1.77:96/7 — S/N 001-000-03927-0 — $1.50

Economic Importance of Cotton Insects and Mites *Uses expert opinions and a model that simulates the absence of direct damage to estimate cotton yield losses, control costs, and the potential hazards of chemically controlling these cotton pests.* 1988: 36 p.; ill.
A 1.107:599 — S/N 001-019-00601-3 — $2.00

Forest Insect and Disease Field Guide, Amendment Number 1 *Amends an earlier volume which was not a sales publication. Includes two types of pages: revisions of pages in the original field guide, and pages containing new information. The placement of amended pages must be determined by consulting the Host/Pest Key at the beginning of the guide. This publication is intended to help land management specialists identify existing or potential insect and disease problems. Issued with perforations.* 1986: 57 p.
A 13.36/2:In 7/3 — S/N 001-001-00624-6 — $3.50

Guide to Common Insects and Diseases of Forest Trees in the Northeastern United States *This guide will assist forest owners and managers in identifying common forest pests. It emphasizes insects and diseases, but includes some weather factors, vertebrate animals, nematodes and mites. Color photographs are included to aid in identification of pests and damage source.* 1979: 127 p.; ill.
A 13.102:4 — S/N 001-001-00501-1 — $6.00

Pooling Data for Pest Management Analysis: A Stein-Rule Approach *Presents a method to enrich prospective IPM data sets by pooling sample data originating from different experimental designs. Predictive risk performance of alternative estimation procedures are compared and a Stein-Rule estimator is proposed as an alternative to traditional statistical approaches to pooling data.* 1987: 15 p.
A 1.36:1730 — S/N 001-019-00543-2 — $1.25

Subterranean Termites: Their Prevention and Control in Buildings *Provides information on the various methods for the control and prevention of termite infestation in existing buildings as well as those under construction.* 1989: 36 p.; ill. revised ed. — S/N 001-000-04534-2 — $1.50

Western Forest Insects *Describes insects and related organisms in forests and woodlands of North America, east of the 100th Meridian and north of Mexico.* 1977: 654 p.; ill. 1980-repr. Clothbound — S/N 001-000-03618-1 — $22.00
